## ALMOST FACE TO FACE

Americans and Spaniards Only  
Four Miles Apart.

## BATTLE TO BE FOUGHT SOON.

Pickets Are Within Speaking Distance of Each Other.

## SHAFTER IS NOT QUITE READY.

When All Details Are Completed the Yankees Will Move Forward Like an Avalanche, Sweeping Everything Before Them.

Off Juragua, Cuba, June 27.—Troops of the United States and Spain were almost face to face and less than four miles apart Saturday night.

The picket lines at certain points were within hailing distance of the enemy.

It seems certain that the battle of Santiago must come within a week.

The troops are all ashore here and at Baiquiri with the exception of a few scattered companies that have gone forward.

The supplies are sufficient to enable the army to sustain a week's campaign at both landing points.

There is a continual procession of small boats riding on to the beach through the pounding surf and, as one week's rations are already landed, it is believed the required supplies will all be ashore by Tuesday, the 28th.

The landing of troops, horses and supplies has been extraordinary. With only one steam barge and compelled to depend on treacherous small boats, General Shafter has landed over 16,000 men, hundreds of horses and mules and thousands of dollars worth of supplies on the exposed beaches and only two men have lost their lives.

General Wheeler, in his official report, places the number of dead in the engagement at Sevilla at 22 and the wounded as between 70 and 80.

No attempt has yet been made to prepare an official list with the names of the dead and wounded.

The high grass and bushes of the battlefield make it difficult to find the bodies.

The bodies of 39 Spaniards have been found and the Spanish loss in killed and wounded was double much heavier than the American.

The majority of the American troops are now here or at the front in the vicinity of Sevilla.

The force at the latter place, which is about nine miles from Santiago, numbers 6,000 Americans and 1,500 Cubans. General Wheeler is in command there, with Generals Young, Lawton and Coffee.

General Wheeler will remain at Sevilla, which will be made a rendezvous for the troops landing at Baiquiri and at this point, the artillery and cavalry being put forward from Baiquiri.

From the American position at Sevilla, Santiago is plainly visible and the fortifications can be seen.

The following reports to General Shafter from generals at the front show the conditions:

"To General Shafter—I have just seen two negro boys who left Santiago Saturday morning. They report that the soldiers and citizens are very short of food. The soldiers and officers have seized all the food in the shops. They are killing young horses for food and in the hospitals are subsisting on bread made of rice flour."

"Three Spanish generals took part in the fight at Sevilla Friday. Five wagon loads of wounded were carried into Santiago, and many others wounded got there on horses or afoot. We can see Morro castle and the flag very distinctly from our position."

"The Cubans confirm the reports as to the fine character of the fortifications around the city. Seven lines of barbed wire are stretched around the trenches. The Spaniards have recently dug deep trenches around the entire city, connecting a series of small forts."

"WHEELER."

"To General Shafter—We can plainly see Santiago less than seven miles away. The country is level for six miles this side of the city, except for hills on the south, which extend to within a mile of Santiago. These hills appear deserted. The country is fairly open and it will not be difficult to move troops over it. General Chaffee now occupies Sevilla."

"YOUNG."

## GEOGRAPHICAL POINTS

Information About the Roads and Country About Santiago.

Santiago de Cuba, June 27.—Now that the American land forces are

threatening the city of Santiago de Cuba, the topographic condition prevailing in that vicinity becomes of interest.

Baiquiri, where the first landing was made, and Jaragua, where General Lawton's headquarters were during the night, are both small coast towns in the throat of narrow cuts through a range of low hills fringing all the southern coast.

Jaragua is 12 miles east of Santiago and Jaragua is eight miles east of that city by the coast line road, which runs behind the hills twice as far.

It is called here a wagon road, but it is only practically for heavy, two-wheeled carts, having six bullocks yoked to them tandem fashion and drawing a very small load.

The pioneers report the trail is practicable for artillery and pack trains, but it is unspeakably bad even for walking, though it is reasonably level.

Our troops have now passed all the small hills intervening between here and Santiago. The remaining 12 miles by road is over a practically level country with more chance for open order. So far, however, the road has been walled and in most places overarched with impregnable jungle growth, thorns and creepers, smelling like the interior of a fragrant, overheated conservatory, and picturesque with splashes of tropic color in oleanders and other flowers, but terrible for troops.

For half a mile near Demajayabo a small stream runs in the road and the men have been compelled to walk in water. Incidentally, the medical advice about wet feet, night winds or perspiration-soaked bodies and the necessity of boiling drinking water has already been thrown to the winds.

Easy as the advice sounds at home, it is almost impossible to follow it here.

### Grant's Order to Soldiers.

Chickamauga, Ga., June 27.—General Fred Grant has issued the following very timely order to the First division, Third corps: "All soldiers of this command when on pass within the park limits or on duty at the various headquarters, are prohibited when without blouse from wearing suspenders over their blue shirts. Soldiers are also admonished that when they are granted the privilege of a pass beyond the park limits, they are expected to be attired in a clean and soldierly manner, and especially those visiting the adjoining cities and town should constantly keep their blouses buttoned when worn."

### Sampson Withdraws the Charge.

Washington, June 27.—In response to a telegram from the navy department requesting definite information concerning the alleged mutilation of the bodies of the four marines killed in the outpost of Guantanamo, Admiral Sampson has wired Secretary Long as follows: "Playa Del Este, Cuba, June 24.—Replying to your dispatch I have to report that a careful investigation has been made and it is reported to me that the apparent mutilation was probably due to the effect of small caliber bullets fired at short range, and I withdraw the charge of mutilation."

### Causes No Surprise.

Madrid, June 27.—The arrival of the Spanish fleet at Port Said causes no surprise here, Admiral Camara having announced that he was going to the Philippines. The threat of the American government to attack the Spanish coast has had no effect. A third squadron is preparing for the defense of the coast. A member of the cabinet, in an interview, said: "Let them come. We will receive them as they deserve."

### Regarded as a "Feeler."

Washington, June 27.—The announcement from Madrid that the United States has suggested peace conditions with Spain was received here with great interest, for the reason that the report was regarded as a "feeler" set afloat with the distinct purpose of developing the state of public feeling in America as well as in Europe. There is no basis of fact for the report.

### Coal for Dewey.

Philadelphia, June 27.—The British ships Gloucester and East Lothian sailed from this port for Manila with nearly 6,000 tons of coal for Admiral Dewey's fleet. Coal is valued at about \$17,000, but the freight received by the two ships will be more than double this sum. The two captains will do all in their power to get to Manila in the shortest possible time.

Paris, Ky., June 27.—Colonel W. E. Sims, 76, a captain in the Mexican war, a colonel in the Confederate army, a former United States senator and a member of the Confederate congress, died here. He was very wealthy.

### Killed His Brother-In-Law.

Fort Estell, Ky., June 27.—James Moore, a mail carrier between Richmond and Kingston, shot and instantly killed his brother-in-law, John Harris, both colored. Moore fled and has not yet been captured.

## FLEET LIES PATIENTLY

Waiting For General Shafter to Say the Word.

## THIS WILL BE VERY SOON.

At Least That Is the Generally Expressed Opinion.

## CERVERA MUST SOON GIVE UP.

Or If He Concludes to Resist He Will Be Handled Rather Roughly by Both the Army and Navy Now Lying About Santiago.

Off Santiago de Cuba, June 27.—While the army advances the main portion of the fleet lies patiently in front of Morro castle awaiting its opportunity.

Before the end of the week the fate of Santiago and Admiral Cervera should be decided. By that time it is believed the Spanish troops will have been forced back upon the city and defeated in a decisive engagement.

Simultaneously the forts at the mouth of the harbor should be captured under cover of a naval bombardment.

Three things will then be left to Cervera—to surrender with his ships, to surrender after destroying his ships, or to make a dash out to sure destruction. He may forestall fate by making an attempt to get out of the harbor before the army accomplishes its end.

The first Spanish ship to appear off Morro castle would be sunk within 15 minutes. Nothing in Admiral Cervera's fleet could survive the concentrated fire of all the battleships in the navy and three of the best cruisers.

The general opinion among naval experts is that Santiago town will be burned by the Spanish troops before they surrender, that Admiral Cervera will destroy his ships and that he will then submit to the enemy. If this supposition is correct, the whole work should be accomplished in a week.

It is hardly likely that the army can effect its purpose without considerable loss, although its superiority in numbers, caliber and generalship ensures an ultimate sweeping victory.

There is every possibility that the Spanish troops may surrender independently of Admiral Cervera. If the Spanish admiral should insist upon thus prolonging the agony he would be subjected to a fire from his own forts and the army seize guns, which would soon settle him.

### Warships Sighted.

New York, June 27.—Captain Turner of the steamship Maylands, which arrived here Sunday from Algiers with a cargo of sulphur, reports that on June 11, four days after he had cleared from Algiers, he sighted a Spanish bark rigged warship with all her sail set. The latter for several hours chased the Maylands but the merchantman being the fleetest made its escape. On June 23, latitude 37°53' and longitude 59°23', Captain Turner says he fell in with another warship, which he is sure was an American, for when he showed the stars and stripes the cruiser sheered off and took a southeasterly course.

### Spaniards Were Slaughtered.

Havana, June 27.—On June 9 a heavy battle was fought in the Camaguey province by General Lopez Recio of the Cuban army with a force of 1,500 men against 5,000 Spaniards. The Spaniards were defeated and retreated. They buried their dead in 17 graves, which the Cubans opened. Some of the graves contained 11 bodies, others 10, 9, 6, 2 and so on. In all, the Cubans counted 150 bodies, and their scouts reported that 107 Spaniards were carried away on litters. The Cubans had nine men killed and 32 wounded.

### Great Excitement Prevails.

Madrid, June 27.—In view of the American threat to send a fleet to the peninsula the government deems it advisable to be prepared for eventualities. The lights at certain ports have been extinguished, torpedoes have been prepared and additional guards have been mounted. The government has prohibited the dispatch of telegrams from Cuba announcing the arrival of vessels which have "forced the blockade." The queen regent has sanctioned the various measures which were adopted by the cortes.

### Detached From the Squadron.

New York, June 27.—The auxiliary cruiser Prairie, which has been at Pompeyville since last Monday, coaling and taking on ammunition and

stores, has received orders detaching her from the North Atlantic patrol fleet and directing her to proceed at full speed to Key West.

### Awaiting Orders.

Port Said, June 27.—Admiral Camara's squadron is in the harbor awaiting orders. It consists of the battleship Pelayo, Admiral Camara's flagship; the ironclad Emperador Carlos Quintos, two armored cruisers, three torpedo boats and five transports carrying 4,000 troops.

### The Peace Conditions.

Madrid, June 27.—It is reported here that the peace conditions suggested by the United States include the possession of Porto Rico, the independence of Cuba and American protectorate, a naval station in the Philippine islands and a coal depot in the Canary Islands.

### Sailed for Santiago.

Newport News, Va., June 27.—The auxiliary cruiser Harvard sailed at 2 o'clock Sunday afternoon for Santiago with the Ninth Massachusetts regiment and two battalions of the Twenty-fourth Michigan.

### Camara at Port Said.

Alexandria, Egypt, June 27.—The Spanish squadron, with transports, has arrived at Port Said, at the Mediterranean entrance to the Suez canal. Admiral Camara has not asked permission to coal.

### Have No Artillery.

Hongkong, June 27.—The British steamer Sun Kiang, from Iloilo June 22, reports that quiet prevailed there and that no rebels were known to be in the vicinity. Two thousand Spanish and native troops held the place and were erecting earthworks, but they were without artillery. The Spanish residents discredited the report of the capture of Cavite and declared that the Americans were exterminated by this time. The governor of Iloilo, it is reported, had forbidden foreigners to mention any news regarding the war.

### Troops Have Embarked.

San Francisco, June 27.—Four thousand men, comprising the third expedition to the Philippine islands, embarked early Sunday afternoon, and soldiers now swarm in the holds and upon the decks of the steamers Ohio, Indiana, City of Para and Morgan City. The steamer Valencia will receive her complement of the military, and these five transports, bearing the bulk of the expeditionary force, will probably sail before night, to be followed on Wednesday by the steamer Newport, upon which General Merritt is expected to depart.

### Newspapers Are Despondent.

Madrid, June 27.—The tone of the newspaper press is despondent, and many journals bemoan the fact that the powers have abandoned Spain while she is defending their cause. They say that France, having received commercial concessions from Washington, remains indifferent, while Germany keeps in the background, and Russia uses Spain as a cat's-paw in her diplomacy. Spain must in case, the papers declare, accept the intervention of Europe. It would be better to treat directly with the enemy.

### Colored Troops.

Washington, June 27.—When the mustering in of new organizations under the second call is completed the volunteer army will include between 8,000 and 10,000 negro soldiers, and more negro officers than ever before were in the service of the United States. Under the first volunteer call few colored troops were offered by the states, the restriction of the call to the national guard having a tendency to shut out the colored men.

### Walked Into a Trap.

Santiago de Cuba, June 27.—The battle near here Friday was an ambuscade by the Spaniards, and but for the coolness of the Americans they would have been completely annihilated. They made a bold charge, though, which struck terror to the Dons, and won a glorious victory. The Americans lost 16 killed and 60 wounded. The Spaniards left 37 dead on the field, and probably carried that many away when they retreated.

### Cuban Warship Arrives.

Key West, June 27.—The sloop Isabel came into port Sunday morning flying the Cuban flag. On her were Captain Rafael Mora, Lieutenant Felix de Los Rios and four others of the Cuban army carrying sealed dispatches from the Cuban government to Senor T. Estrada Palma of the New York junta. These dispatches will be forwarded by the local junta.

### Will Sail on the Harvard.

Newport News, Va., June 27.—The Ninth Massachusetts, Colonel B. F. Boggs, and companies A, B, C and M of the Thirty-fourth Michigan, Colonel Peterman, arrived here on special trains from Camp Alger to embark on the auxiliary cruiser Harvard for Santiago de Cuba, either they have been ordered to reinforce General Shafter.

## KILLED HIS PARTNER.

Prominent Stock Trader Literally Cut to Pieces.

## HAD A MISUNDERSTANDING.

The Man Who Used the Knife Was Drunk and Fought Like a Demon Until He Had Inflicted a Score of Wounds.

Louisville, June 27.—William Gray, a stock trader who lived in this city, was stabbed to death at Stithton, in Hardin county, by his partner, Henry Lesshaft, also of Louisville.

They had been drinking. Gray demanded a settlement of some business matters that had been in dispute. Lesshaft replied that he was too drunk to talk business. Gray advanced as if to strike him. Lesshaft, who is a young man, easily shoved his drunken partner to the floor. He then, it is said, sprang on him with a large Barlow knife and literally cut him to pieces.

Gray was stabbed nearly 20 times, several stabs reaching the heart. His breast is a mass of wounds. Lesshaft was pulled off by Mr. Mossbarger, the proprietor of the store, in front of which the killing occurred, but even then wanted to get back at Gray.

No weapons were found on Gray, who was 58 years old and a small man. Lesshaft is in jail at Elizabethtown. The coroner's jury said that Gray came to his death at the hands of Lesshaft, but did not fix the degree of guilt. Gray's body was brought here.

### Insane Man In Jail.

Wabash, Ind., June 27.—The officers have an insane man, believed to be William O'Connor, a former Catholic priest, in a cell at the county jail, while they are investigating to establish his identity. O'Connor, who is totally unbalanced, can shed no light on his case, but from newspaper clippings and markings in indelible ink on his clothing it is conceived that he is a lecturer on Catholicism, whose mind has been dethroned by misfortune. Letters written to Ohio cities, where O'Connor is supposed to have been, failed so far to bring responses.

MR. J. P. HENDRICK, JR., of Flemingsburg, one of the most enthusiastic Democrats in this section of the State, is out in a card advocating a tax on all gold used in the fine arts. His arguments in favor of such a tax are worthy of consideration, among them being the following:

"It is a tax on absolute luxuries that will bring a large revenue to our government and entirely from people who can afford to pay it."

"It is a tax that will be gladly paid, because definite information accompanies it that is worth all it will add to the cost of the article purchased."

"It will drive the commercial value of the money metals nearer to their coinage value."

"It will retain for our present and future use a supply of the precious metals."

A plank in favor of such a tax may be inserted in the Democratic platform in the approaching congressional contest.

### THE NEW ELECTION LAW.

An Agreed Case to be Filed at Paris to Test Its Constitutionality.

FRANKFORT, KY., June 25.—The constitutionality of the Goebel Election bill is to be tested at once on an agreed case to be submitted to Circuit Judge Cantrell, in Bourbon County.

The County Judge will claim the right to appoint the election officers instead of the County Election Commissioners. The agreed petition first sets out the agreed facts as to the passage of the law and the election of the Commissioners and their qualification, and takes the ground that the act is unconstitutional in that the Legislature had no right to create the office of Election Commissioner, and if it did have such right it had no right to fill the office by an election by the Legislature; but, if it had the right to fill the office by election, that the election officers were not elected according to law.

General Taylor requested that they allow him to raise Federal questions. This new board has agreed to, and the Republican State Committee will take the case to the Supreme Court. They will, however, demand that immediate decision be made in the case, and will agree to no delay.

Kehoe and Cox.  
[Enquirer.]

Captain W. H. Robb, of Maysville, and Judge Montgomery, of Georgetown, members of the Farmers and Shippers' Tobacco Warehouse, were at the St. Nicholas with Col. "Rod" Perry. They say that nearly all the tobacco plants have been set out in good condition and started off in fine shape.

Captain Robb thinks Mr. James Kehoe, of Maysville, will surely be the Democratic nominee for Congress in the close Ninth district, and that ex-Mayor Cox, of Maysville, will be his Republican competitor, supplanting Congressman Pugh for the nomination. He says Congressman Pugh, his father-in-law and son-in-law are now drawing salaries from the Government at Washington aggregating \$12,500 per annum, besides many relatives at home in postoffices, &c., and this is too much of a good thing for one tribe all at once.

### BANK CHECKS.

They Must be Stamped Under the New Revenue Law, and the Drawer Must Do the Stamping.

Under the new revenue law a 2 cent stamp must be put on every check drawn on a bank, and no one is allowed to affix the stamp except the person who draws the check.

The law is as follows, and it is so plain that no one ought to misunderstand it:

That if any person or persons shall make, sign or issue, or cause to be made, signed or issued, any instrument, document or paper of any kind or description whatsoever, without the same being duly stamped for denoting the tax thereby imposed thereon, or without having thereon an adhesive stamp to denote said tax, such person or persons shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not more than \$100 at the discretion of the court, and such instrument, document or paper as aforesaid shall not be competent evidence in any court.

It is, therefore, necessary for every check to have a stamp placed on it before it is presented for payment, and no one is authorized to do this, except the man who writes it. A merchant out in the State who pays for a bill of goods or makes a settlement by check is the one who must, under the law, put the stamp on the check.

The BULLETIN is authorized to state that the banks of Maysville will comply strictly with the above law.

## Wonderful Bargains in Summer Fabrics.

In order to make room on our overcrowded shelves, we have reduced all that is left of our great stock of French and Egyptian tissues—Satin and Silk Striped Ginghams to 29c. and 19c. a yard. These are all goods that have sold from 49c. to 69c. a yard, every piece being of this season's purchase, of very choicest designs and superior quality. There's a limit to the quantity, of course, but you can have your choice of 'em as long as they last at the ridiculously low price of 29c. and 19c. a yard.

## Underpriced Underwear.

We purchase Underwear in huge quantities direct from the mills, hence we save you the jobber's profit that is included in the ordinary retailer's selling price. We show exceptional values in Ladies' Ribbed Vests at 5c. and 10c. Extra sizes 15c. Great bargains in infant's Lisle Vests at 10c. A great Leader is a Man's Balbriggan Suit, all sizes, at 38c. the Suit.

## Homespun For Waists.

This is a high grade of Linen Crash, especially adapted for Ladies' waists and Boys' Suits. Great values at 15c., 18c. and 25c. a yard. We also have an immense line of Dress Crashes at 10c., 15c. and 18c. a yard. All of them big values at little prices.

## Miscellaneous Mentionings.

We've no need nor space to say much about our Ladies' Linen Collars at 10c. Up-to-date Military Belts 25c. Leather Belts 10c. to 50c. Belt and Skirt Supporters in Leather or plated, 5c. and 10c. Extra long Pique and Puff Ties, 25c. Silk String Ties, 10c. each, three for 25c. A box of Face Powder and bottle of Perfume Combined, 5c. a box. Buttermilk Soap, three cakes, 10c. a box.

## BANK TAXES.

Banks of Maysville and Union Trust Company Paid the City Over \$7,000 Saturday For Years 1897 and 1898.

The Bank of Maysville, the First National Bank, the State National Bank, Mitchell, Finch & Co.'s Bank and the Union Trust Company effected a settlement, in accordance with the recent decision of the courts, with the city Saturday for the taxes due for the years 1897 and 1898.

The settlement was made through Chairman George H. Heiser, of the Ways and Means Committee, and was on a basis of valuation of 66 $\frac{2}{3}$  per cent., the same as adopted in the settlement at Lexington.

The following shows the amount paid by each of the companies:

First National Bank.....	\$2,243 57
Bank of Maysville.....	1,395 83
State National Bank.....	2,105 66
Mitchell, Finch & Co.'s Bank.....	640 82
Union Trust Company.....	898 72
Total.....	\$7,284 60

The institutions named have made a proposition to the county to settle on the same basis, and a special meeting of the Fiscal Court has been ordered by Judge Newell for next Thursday to consider the matter.

## THE FOURTH REGIMENT.

Mason County's Quota Recruited and the Boys Are Awaiting Marching Orders.

Lieutenant Horace J. Cochran reports that Mason County's quota for the Fourth Regiment is completed, and he is awaiting marching orders from Captain George Corum.

Sixty-eight have been enrolled here, but some of these were minors and were not accepted, and several others failed to pass medical examination. In all about twenty failed to get in.

Lieutenant Willis is expected here this evening with the Bracken boys.

Captain Corum may wire marching orders this evening. The trip to Lexington will be by way of Greenup and Ashland.

In the Circuit Court Saturday sentence was passed on William Coleman, colored, who recently pleaded guilty to horse stealing, and was given two years in the "pen."

CHAS. Phist, the paper hanger, had a severe fall from a scaffold, but luckily has an accident policy with Ed. Alexander.

## Electric Park.

The offerings at this pleasant amusement place this week are: The Howards, the monarchs of German mirth makers, Mr. Howard delivers the goods in large packages while Miss Howard is possessed of a sweet voice and will render some of the latest song successes. Baby Howard will do some cake walking and sing some of the latest coon hits. Dufa, the acrobatic wonder, will astonish you, and that jolly trio, Seeker, Wilkes and Rastus, will be there and will all join in. In all there is a good show on this week, so go out to-night. Your round trip car fare and a ticket to vaudeville theater is only 10 cents, and be sure to ask the conductor for the coupon ticket.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The sales of tobacco were very light during the past week, and the market considerably stronger.

There is only a limited quantity of the new offered on the breaks as yet, but what little is offered brings good prices, particularly when in satisfactory condition. Bright trashies are advanced in price and receive much more attention than recently, while tips and red goods have not lost in demand and continue to be the favorites of the buyers. Fine leaf, as heretofore, seems to be the cheapest in proportion.

Manufacturers were more liberal buyers during the week, and there was also more speculative demand.

The trade has been somewhat disturbed through the tax agitation, but now that matter being definitely settled, and manufacturers knowing just where they stand, we may look for increased demand from their part. Receipts are only moderate.

Crop prospects are very much improved since our last, though there are sections, some of the river counties in particular, where the seasons have not been as favorable as in others—in fact, not sufficient to set out a full average. Very little time remains, and unless rains occur in these counties with the next few days the crop will at least not be as large as it was intended to be.

**RIVER NEWS.**

The Steamer William Duffy Has a Narrow Escape—The New Tax on Bills of Lading

The Virginia is due down this evening, and the Lizzie Bay will pass down to-night.

The Stanley for Pomeroy and Cummings for Pittsburg will pass up to-night.

The little steamer William Duffy with about 200 excursionists from Marietta on board was struck by a terrific windstorm Saturday afternoon, and narrowly escaped being overturned in midstream. When she righted herself, fifty of her passengers were in the water. All were recovered except three. The victims were Lou A. Bevan, of the Marietta Brokerage Company; Malcolm Nye, a promising young lawyer of Boston, and John Gerken, of Marietta. The prompt action of a veteran pilot who was on board prevented a terrible disaster.

The Pomeroy Leader says: "Captain Cramer's new Pittsburg and Portsmouth packet, the Avalon, will soon be completed and will be put in direct opposition to the Bay Line and Pittsburg and Cincinnati Packet Company. It is the intention of Captains Gamble, Cramer and Dana Scott, of the City of New Orleans, to establish an independent line of boats between Pittsburg and Cincinnati, and, from the present indications, there will be the biggest steamboat war on the upper Ohio ever known. An independent wharfboat will be put in at Pittsburg by Captain Scott."

The law requiring bills of lading to be stamped, which goes into effect on July 1, will at first cause a great deal of trouble and inconvenience to shippers as well as transportation companies, and as the transportation companies furnish the stamp for the receipt of the goods of one bill of lading, any more than one bill of lading being required will have to be stamped by the shipper. Shippers will find it will facilitate matters very much if they desire additional bills of lading to have their bills of lading stamped ready for signature, as no clerk will be allowed to sign any bill of lading that has not a stamp on it. It will be useless to ask the clerk to sign duplicate or triplicate bills of lading unless they are stamped.

**OUR NATION'S PRAYER.**

By Frances Goggin Maltby, Washington, Ky.

Look, O Lord, in mercy down  
Upon those on battle ground.  
Spare our boys upon the sea;  
Low we bend imploring knee.  
Keep them when they go to rest,  
Grant to them what e'er is best;  
Grant their battles may be won;  
Yet, O Lord, Thy will be done.

Grant that when in mortal strife  
They may ever reverence life;  
And, if mercy they can show,  
Grant it even to a foe.  
Mercy Thou hast taught were best,  
And hast told us it were best.  
Where'er on them shines you sun,  
Bless them, Lord. Thy will be done.

Bless the father, old and gray,  
Who fought bravely in his day;

Grant that in his soldier boy  
He may feel just pride, just joy;

Give that boy Thy guiding light;

Grant that he may heed the right;

Help the father, keep the son,  
Grant this, Lord. Thy will be done.

Ease the mother's aching heart;  
See her there, she weeps apart!

Teach her how to turn to Thee,  
In her sorrow let her flee

Unto One who promised life  
Where there is no sin or strife

When the race of life is run.

Help her, Lord. Thy will be done.

There are sisters weeping, too;  
Tears their bright eyes now bedew  
Brothers they have kissed good-bye,  
Brothers who go forth to die.

No one knows. Ah, it may be  
They have said good-bye for e'er!

Father, mother, daughter, son,  
Eless, O Lord. Thy will be done.

Look with pity on the wife,  
Who prays for the husband's life;  
Spare him to her. Hear her plead,  
Break her heart not like a reed;

But if upon the battle field  
Calleth Thou his soul to yield,

To the love of Christ, the Son,  
Let her turn. Thy will be done.

To the little child give grace,  
That if left the world to face

Without father or brother,  
And, perchance, without mother,

Grant the love of Christ may heal

Wounds that little heart may feel.

Let her evil ever shun;

Grant this, Lord. Thy will be done.

Lend Thy balm to ease the smart  
Of that girl's aching heart

Who has bid a last adieu  
Unto sweetheart, lover true:

Give her Thy benediction,

Help her, Lord, in affliction;

When grave victory hath won,

Take her home. Thy will be done.

Guide, O Lord, our ship of state,

Fix her destiny, her fate;

End, ah end, the present strife

Without further loss of life.

But if blood should have to flow,

Prepare dying souls to go;

Let them not their duty shun;

Let us pray. Thy will be done.

**PITHY POINTS.**

It takes constant vigilance to keep the liquor traffic off of you.

Liquor has been a curse from the time of Lot until the present.

Look out for your boy, or the liquor traffic will throw its tendrils about him.

Every one reaps the benefits accruing from the traffic to whisky's encroachment.

Some people allow their neighbors to attend to all the troublesome business for them.

There's trouble enough comes in a regular way, without licensing it, as is done with liquor.

It's owing to the incessant work of temperance people that the rum traffic is within any kind of bounds.

Individuals or families that regard not the holy Sabbath need not be amazed to see the curse of God crossing their threshold.

The people of Flemingsburg know a good thing when they have it. Witness how they keep saloons and whisky off of them.

The man with a weight on his leg can't hope to win in the race. A man with a weight on his health can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are sallowness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system off its order. The great advantage of the "Pleasant Pellets" is that they cure permanently.
